

SCRUBBER™

Low Foaming Detergent

SCRUBBER™
 Low Foaming Detergent

WENCO® SCRUBBER™ is a general purpose cleaner for use in automatic floor scrubbing machines and anywhere ultra low foaming cleaning is preferred. SCRUBBER™ works very effectively and efficiently in machines with recirculation capabilities. SCRUBBER™ contains special low foaming surfactants to control the foam in the recovery tank, filters and recirculation plumbing. This low foaming action allows the filters to perform at maximum efficiency. This performance extends the life of the cleaning solution and reduces the number a recovery tanks dumps. SCRUBBER™ does not contain harsh caustics or solvents and can safely be used on painted and coated surfaces. SCRUBBER™ will emulsify oily soil long enough to get the oil into the machine, but will release it in the reclaim cycle.

DIRECTIONS FOR USE

1. Dilute SCRUBBER™ in machine solution tank at the following:

LIGHT EVERYDAY SOIL - 1:20

(6oz. per gallon of water)

MEDIUM SOIL - 1:10

(12oz. per gallon of water)

HEAVY SOIL - 1:5

(25oz. per gallon of water)

2. Run machine according to directions.

TECHNICAL PROPERTIES

Form.....Liquid
 Color.....Red
 pH.....12.0 - 12.6
 Specific Gravity @75°F.....1.09
 Density @ 75°F.....9.1 lbs Per Gallon
 Viscosity @ 75°F.....>50 cps
 Solvents.....None
 Phosphates.....None
 Foam.....Ultra Low
 D.O.T. Hazardous.....No

AVAILABLE SIZES

- ✓ **4x1 Gallon Case**
Bottles Contain 25% PCR
Carton Contains 55% PCF
- ✓ **5 Gallon Pail**
100% Recyclable
- ✓ **55 Gallon Drum**
Reconditioned, Reused

2	HEALTH
0	FLAMMABILITY
0	REACTIVITY
